# **UPCOMING PROJECT INFORMATION**

## **Ohio and Erie Canalway**

### **Resource Protection Project**

**IN THE CITY of AKRON, SUMMIT COUNTY**

Akron, Ohio (January 17, 2012) - The City of Akron proposes the removal of three billboards that sit in the immediate area will enhance the byway visitor's experience by providing a higher quality, more aesthetically pleasing environment as they visit the byway and surrounding recreational amenities. This project will accomplish a long-standing objective of our byway stakeholders and proposes improvements that will improve and protect the scenic byway as it moves through downtown Akron.

These improvements will compliment the other scenic improvements that have been completed, including the historic Mustill Store and Ohio and Erie Canal Locks Improvement Program.
